

Chain-on-Edge Conveyor

Spindle Master II

BINKS

**Electric Infrared
Curing Solutions**

BGK Finishing Systems is proud to continue the Binks Spindle Master heritage with the Binks Spindle Master II. Using chain-on-edge conveyor technology the Spindle Master II offers customers a compact, self-contained table design.

If your requirements exceed the Application Data maximums listed please contact BGK. These maximums are guidelines, our engineering team can custom engineer a system to meet your individual system specifications.
