

AIRLESS 75

7500 PSI Professional Airless Spray Guns

- High Quality Materials
- Stress Reducing Ergonomic Design
- Exclusive Needle Design
- 7500 psi Pressure Rating
- Two Fluid Inlet Options
- Large Passage Set Up

Binks Airless 75 Airless Spray Gun is the right tool for all of your toughest spray jobs. The Airless 75 is made from materials that will survive the roughest working conditions and the stainless steel fluid passages are compatible with high solids industrial coatings. The design of the Airless 75 needle creates a high quality finish with a wide variety of materials. From stain to zinc, expect the perfect finish time after time.

The Airless 75 Airless Spray Gun is available in 3 versions:

Airless 75 with External Stainless Steel Fluid Tube

Part Number: 0811-7500-1

- ▶ Sprays high solids and heated materials* at pressures up to 7500 psi.
*with heat guard accessory

Airless 75 Direct Connect

Part Numbers:

0811-7500-2

0811-7500-3 (large passage version)

- ▶ Hose connects directly to gun to reduce weight.

Advantages:

- Forged, anodized aluminum body makes cleanup easy
- Two-finger trigger and ergonomic handle reduce stress
- Thick-walled stainless steel fluid tube for abrasive materials
- Exclusive needle design to keep spring out of fluid path
- Adjustable packing for longer life
- Heat guard (available for tube version) allows use of materials up to 175° F
- Large passage set up for materials with long fibers or glass flake
